A. EXECUTIVE SESSION: Pursuant to ORS 192.660(2)(h)

The City Council met in an executive session pursuant to ORS 192.660(2)(h).

B. WORK SESSION: Renter Protections

Grants Manager Stephanie Jennings gave a PowerPoint presentation providing an overview of Eugene's rental housing market, conditions and trends; existing goals, local policies, and programs that affect renters; and identified priority policy areas for further exploration and next steps.

Council discussion:

- More information requested on rental versus owner-occupied housing with the removal of student housing.
- Goal is to stabilize housing and reduce impacts of market forces.
- People without stable housing can't contribute to their own economic and social success.
- City has an obligation to find ways to support those in nonsubsidised affordable units.
- Those who spend more than 50% of income on housing can't contribute to local economy.
- Suggest developing a list of potential action items to help renters.
- Greater details on emerging issues and gaps in protection are needed.
- Explore exactly what students represent as percentage of the population in Eugene.
- Local conditions disproportionate with the national average; encourage more home ownership.
- Interested in incentives and programs to expand workforce or middle housing.
- Interested in exploring a residential MUPTE.
- List of the bills in the legislature that are related to this issue requested.
- Concerned about older housing stock and the owners who don't have resources for upgrades.
- Critical to protect renters' rights now with low-cost housing stock and a 90-day no cause eviction policy.
- Investigate possible rent control based on percentages at a given time.
- Home ownership is a significant stabilizing element; more opportunities needed.

MOTION AND VOTE: Councilor Zelenka, seconded by Councilor Evans, moved to extend the meeting 10 minutes. **PASSED 8:0**

The meeting adjourned at 7:07 p.m.

Respectfully submitted,

Chuck Crockett
