

Moving Ahead

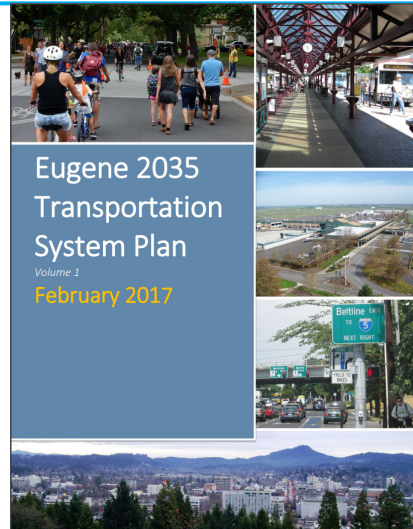

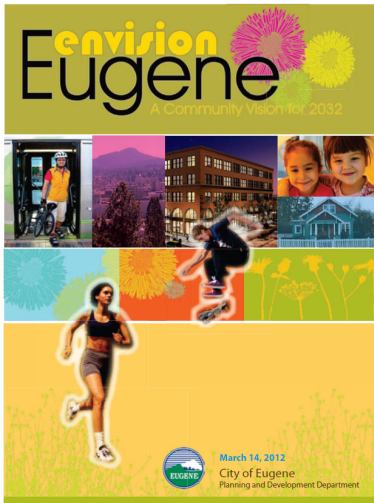

STREETS AND PLACES REIMAGINED

City of Eugene and LTD Joint Work Session
May 26, 2021

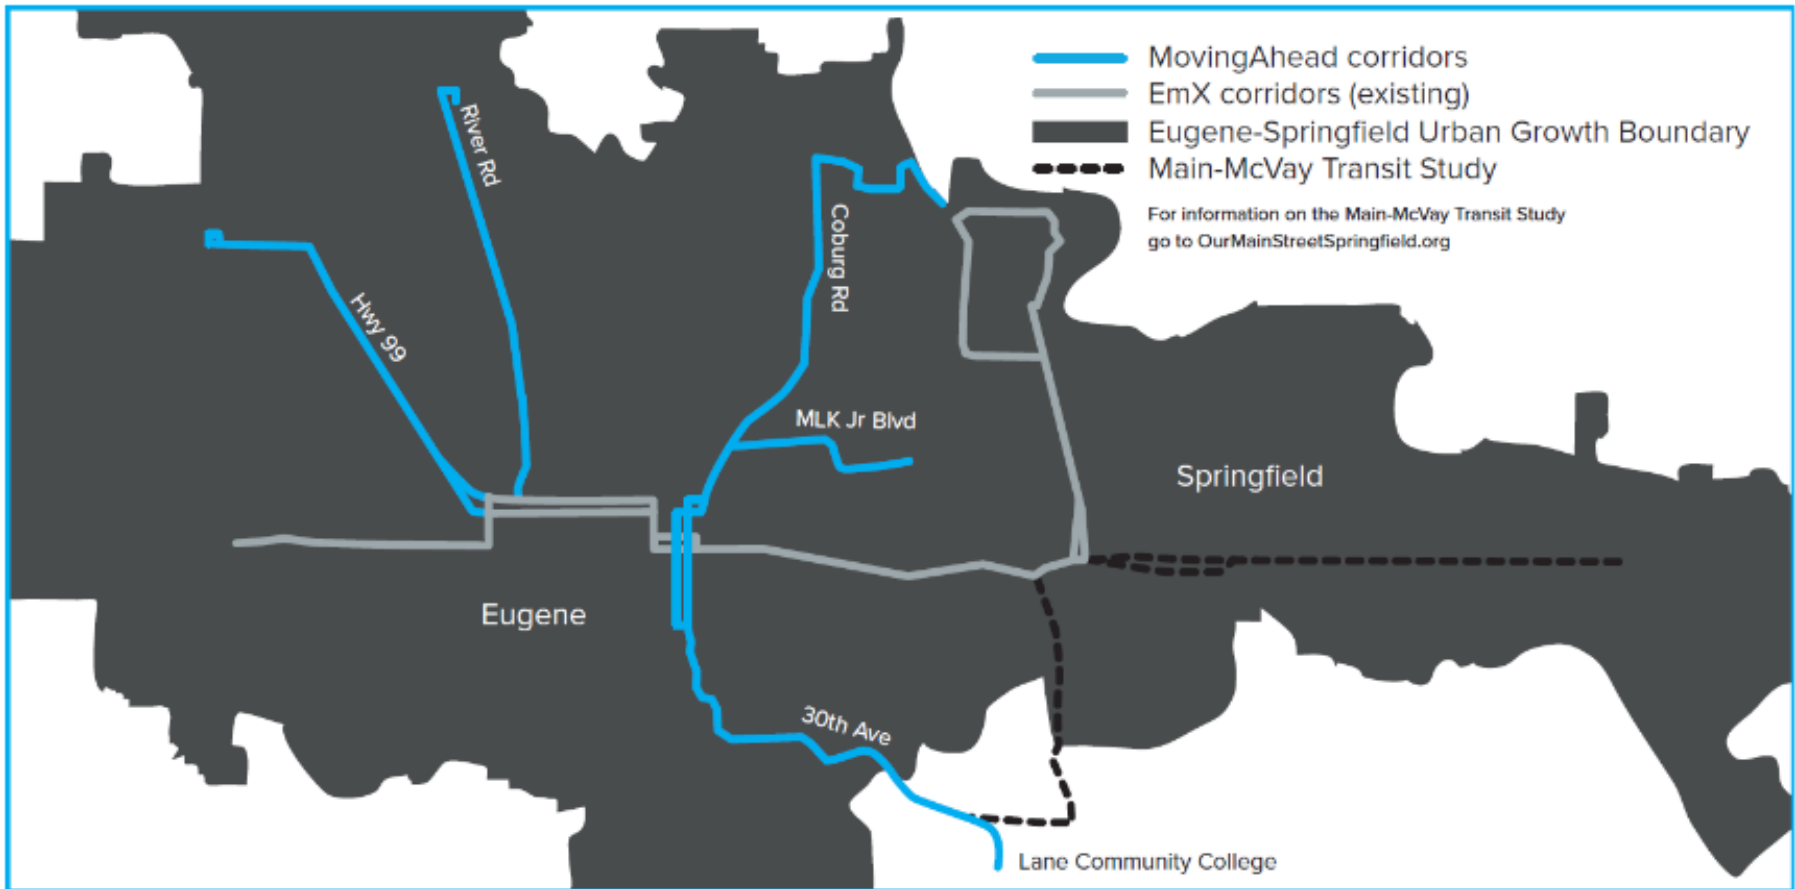

Meeting Purpose

- Recap of project status
- Hear findings from public hearing
- Talk about path to decision making

What is Moving Ahead?

System-level Approach

Range of transit choices

Fixed route service

Enhanced corridor

Comprehensive EmX

Service frequency

Improvements to enhance reliability on congested streets

Rider amenities at stops/stations

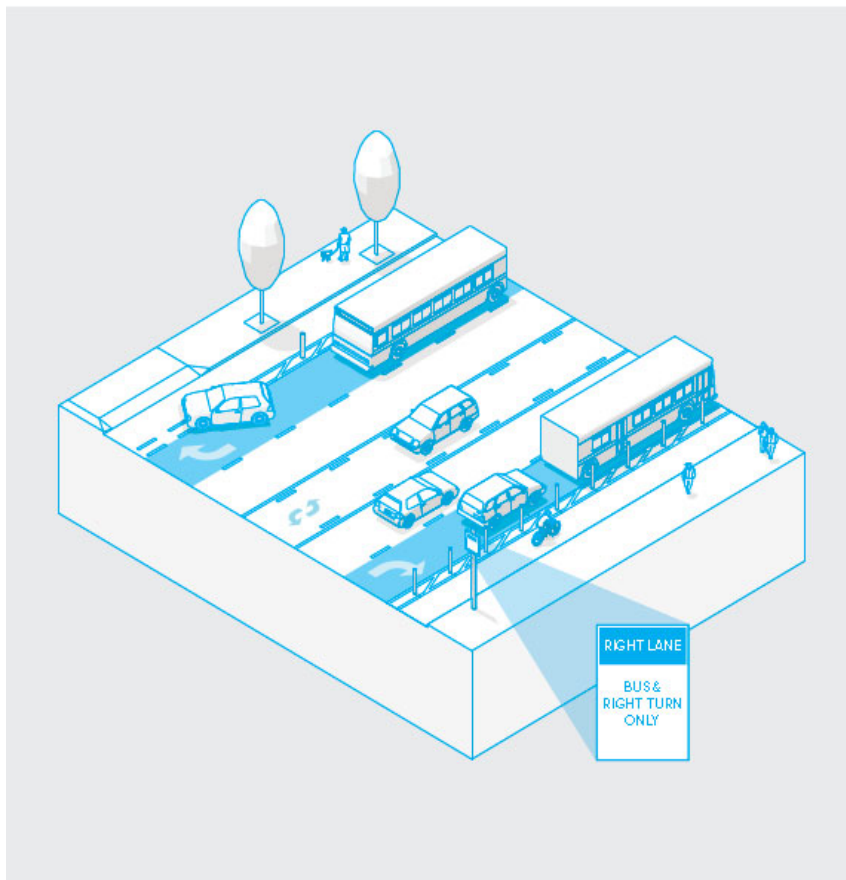

Infrastructure for people walking and biking

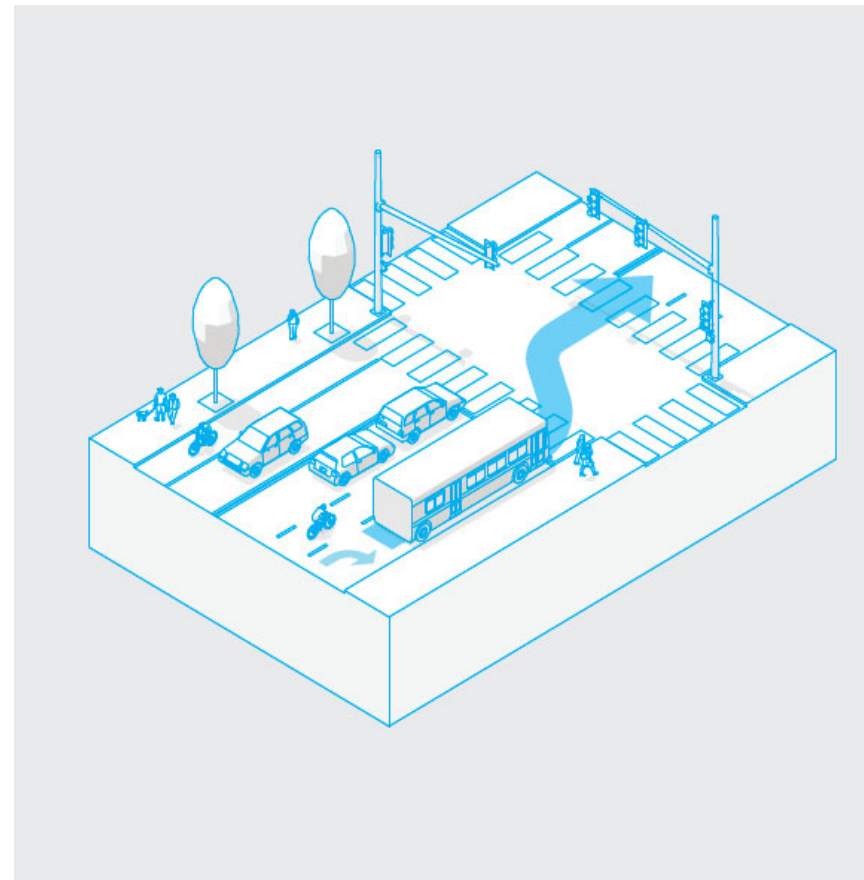

Toolbox for Enhanced Corridor and EmX Options

Bus and Turn Lanes

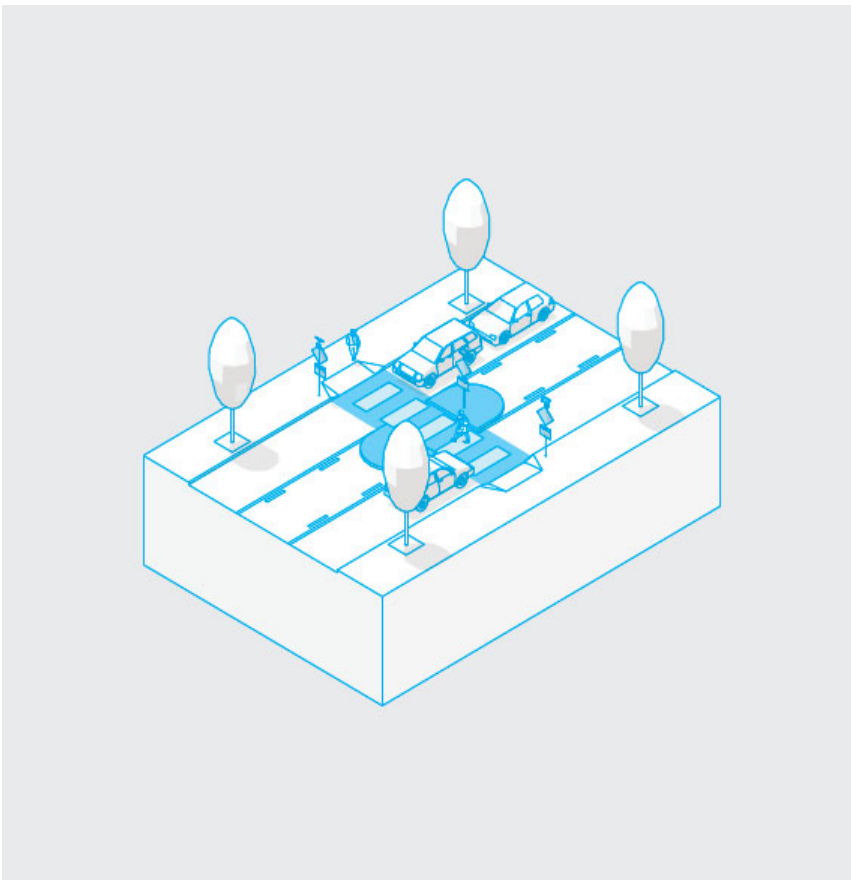

Transit Queue Jumps

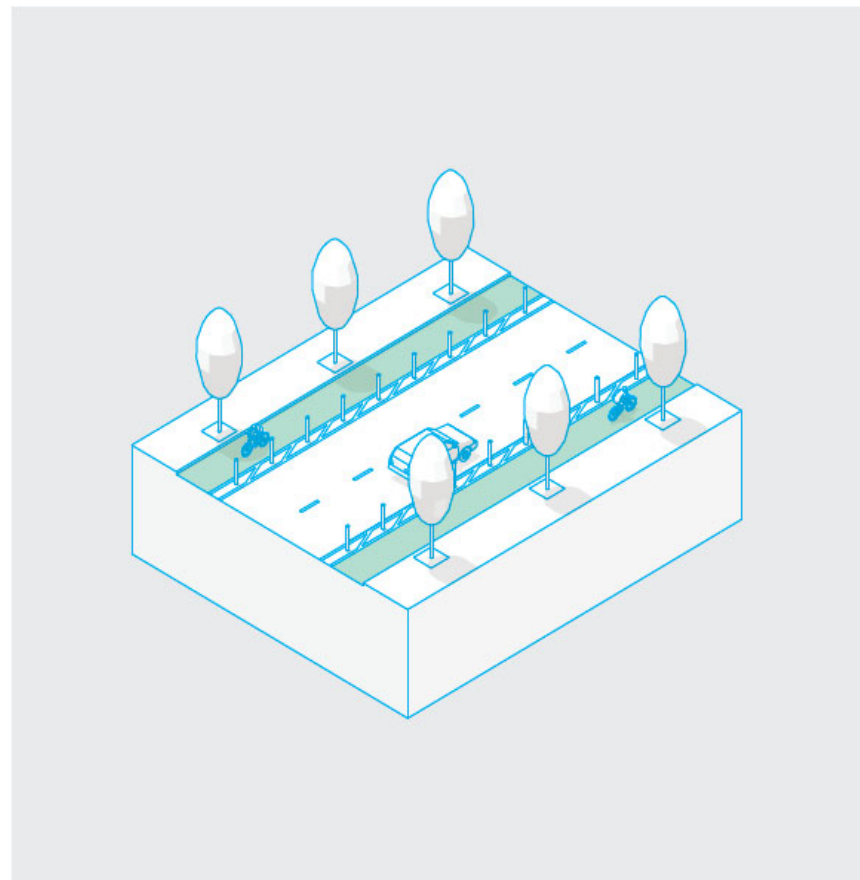

Toolbox for Enhanced Corridor and EmX Options

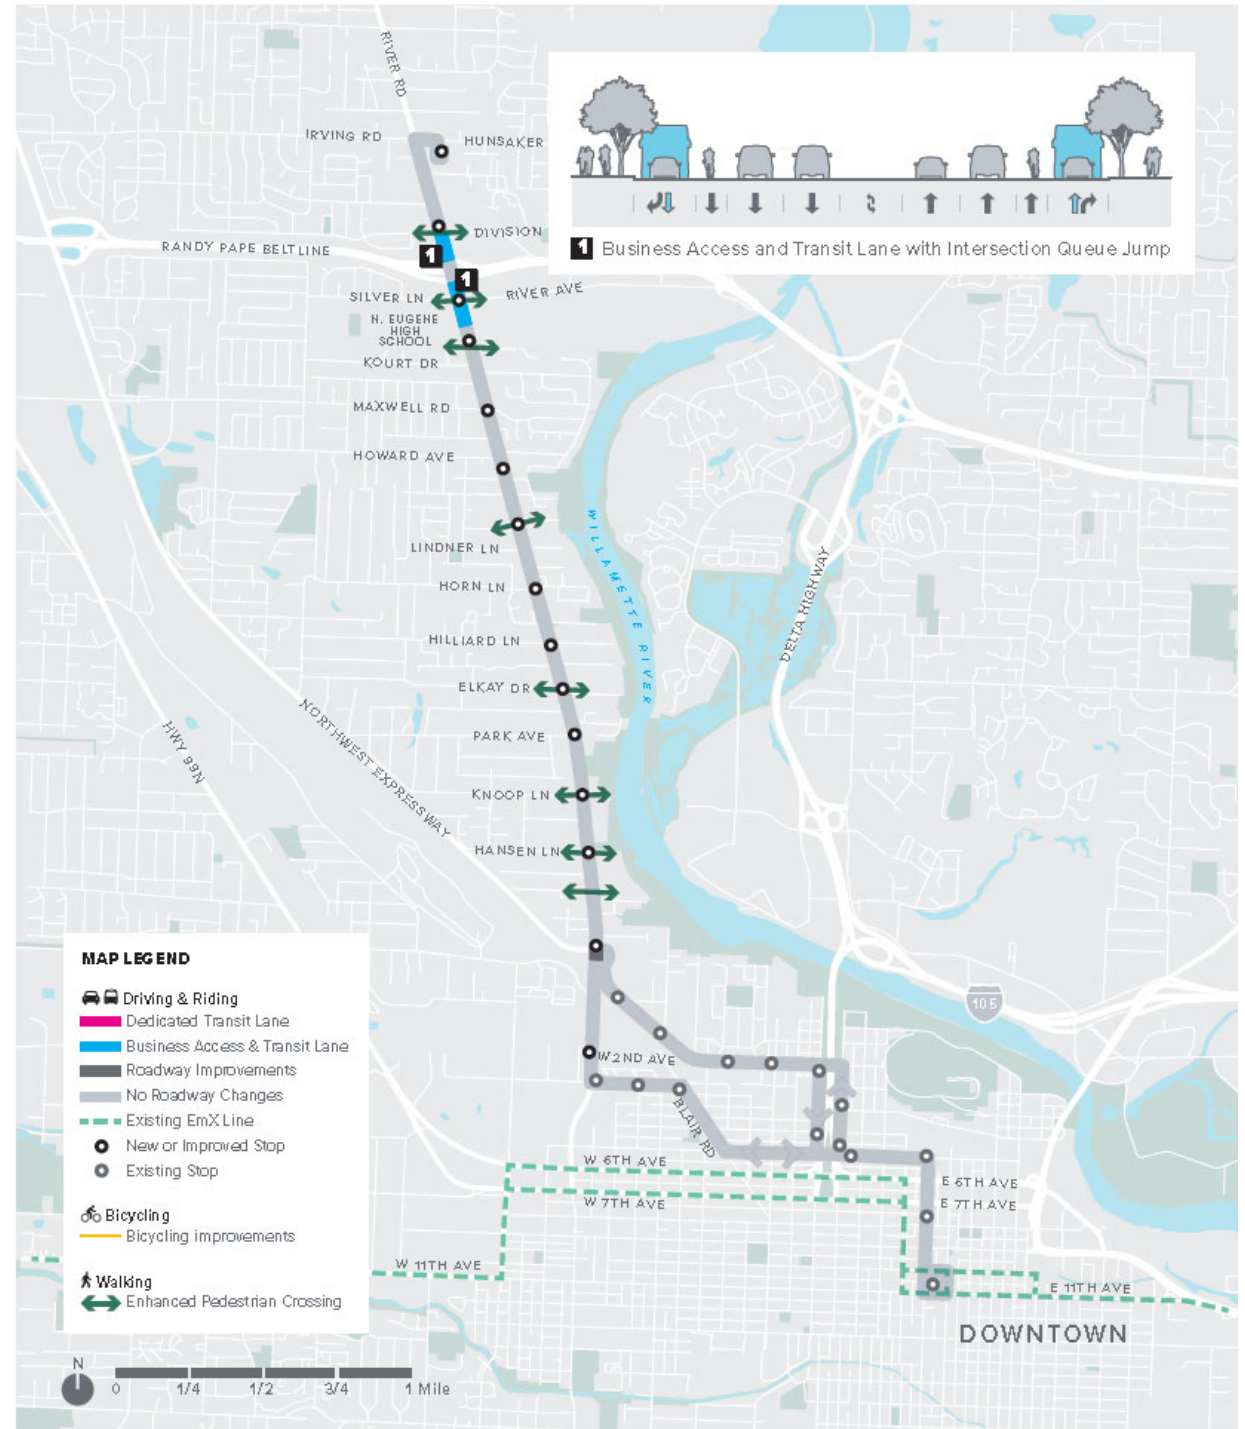

Enhanced Crossings

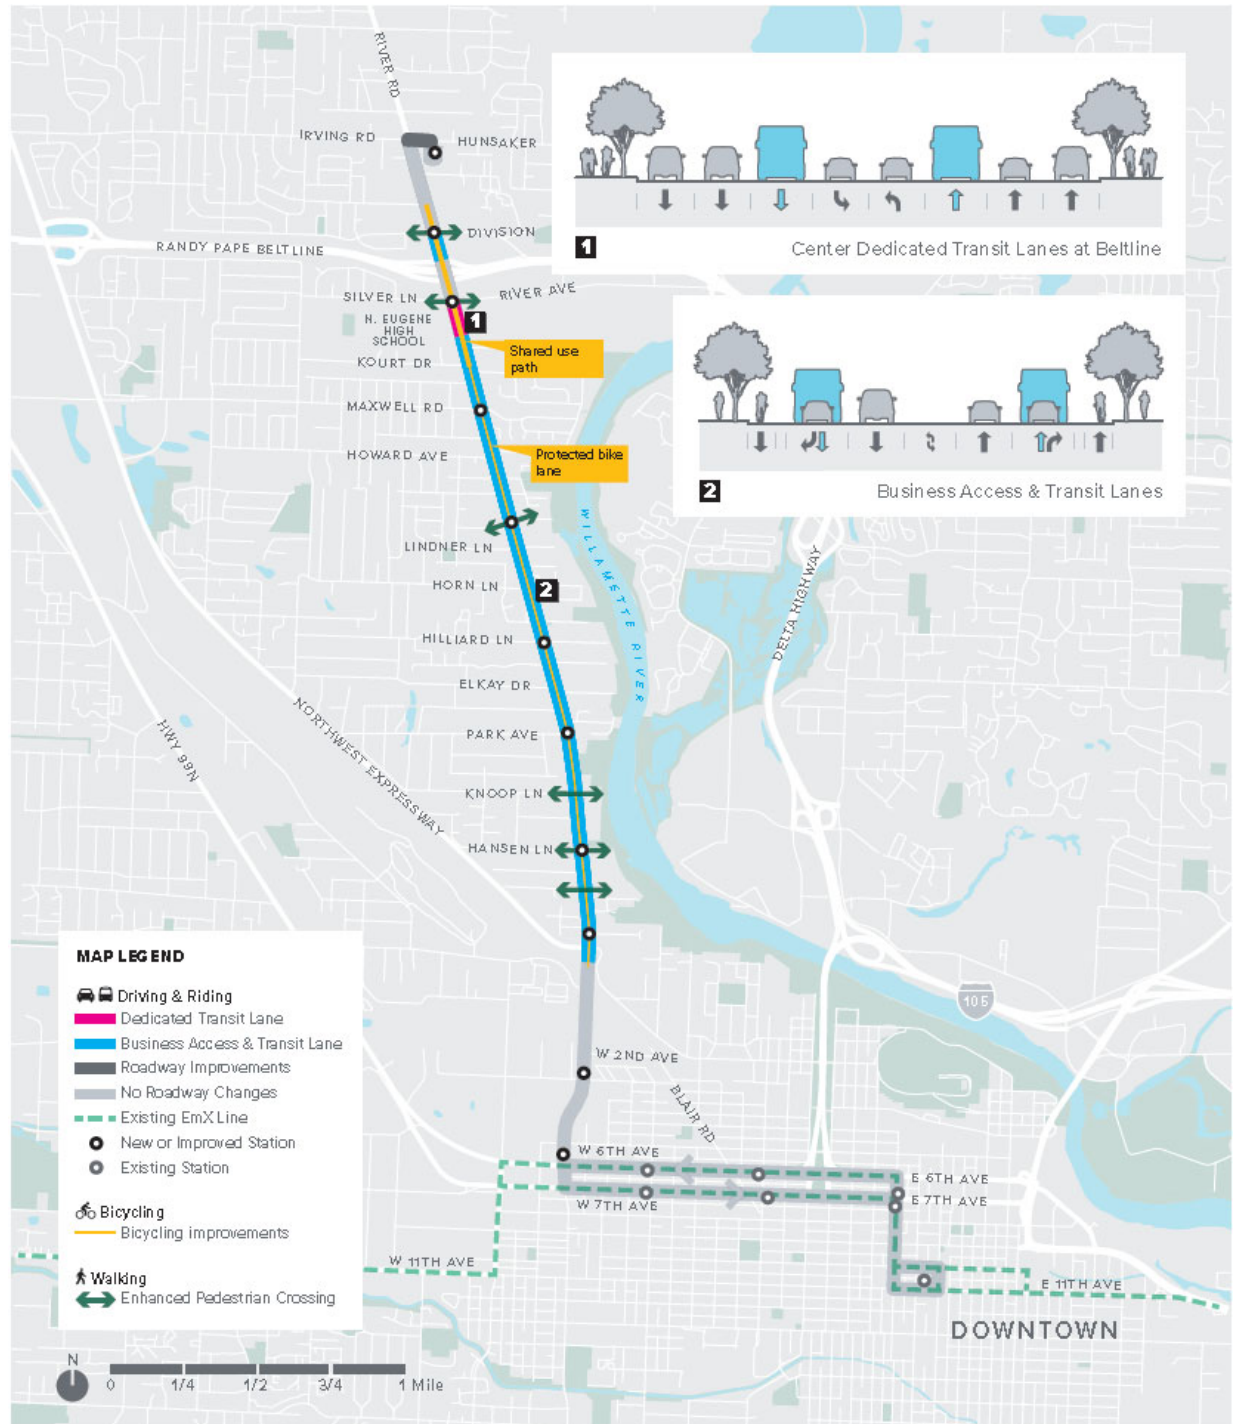

Protected Bicycle Facility

River Road Enhanced Corridor

River Road EmX

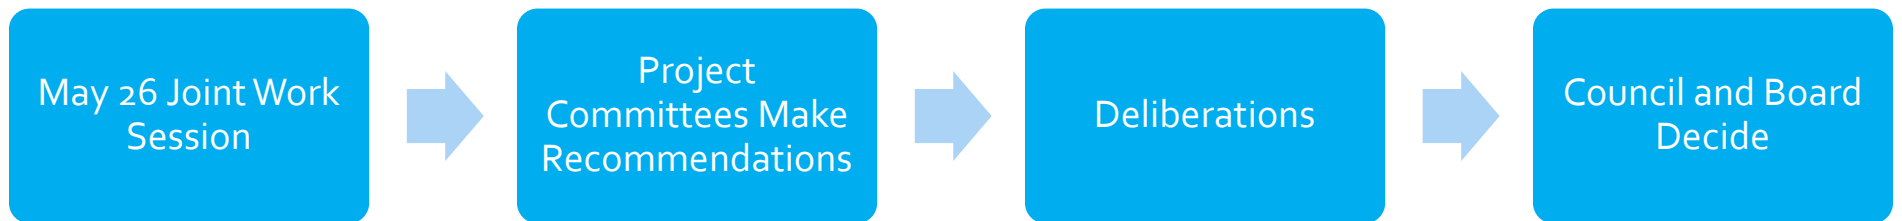

Public Hearing

- Open house held before hearing
- Comments accepted at open house through Jan. 7, 2020
- 120 comments from 92 people
- Twenty organizations represented

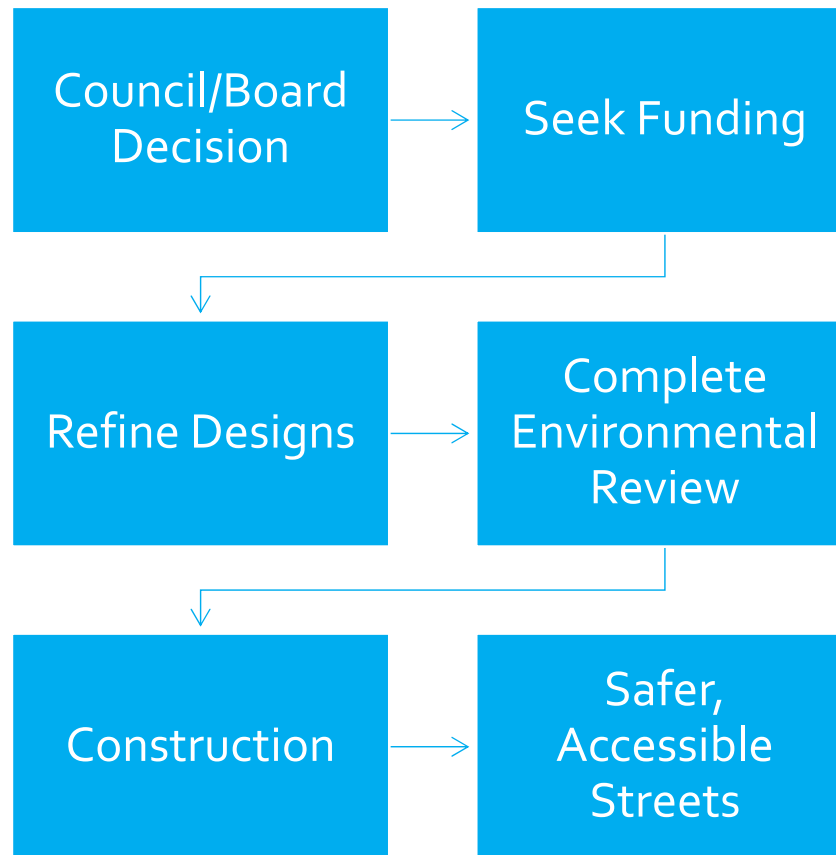

Public Hearing

- Most people want the project to change the corridors, but how is less clear
- Many comments addressed big picture needs: safety, congestion, climate change, etc.
- Fewer comments addressed impacts to community, costs, and inadequate process

What happens next?

What happens next?

Implementation

Prioritize corridors

Decision on each corridor

Whole corridor
implementation

Incremental
Implementation
